**This document represents voluntary guidance for the excipient industry and the contents should not be interpreted as regulatory requirements. Alternatives to the approaches in this guide may be used to achieve an equivalent level of assurance for excipient quality.**

**This guide was created to help companies understand current expectations on this topic and is not intended for use by third party certification bodies to conduct audits or to certify compliance with the guide.**

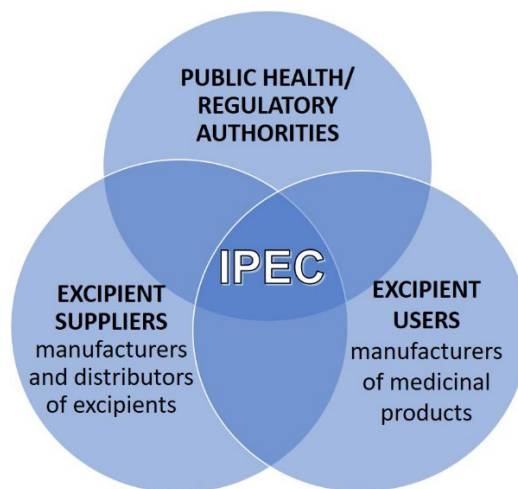

**The content of this guide cannot be reproduced without the written authorization of the IPEC Federation Management Body.**

## **FOREWORD**

The International Pharmaceutical Excipients Council (IPEC) is an international industry association formed by excipient manufacturers, distributors, and end-users. At the current writing there are regional pharmaceutical excipient industry associations located in the Americas, Europe, Japan, China, and India. IPEC's objective is to contribute to the international excipient standards development and harmonization, provide information useful for new excipient development and introduction, and offer best practice and guidance concerning excipient development.

IPEC has three major stakeholder groups;

1. Excipient manufacturers and distributors, defined as suppliers in this document,
2. Medicinal (drug) product manufacturers, defined as excipient users in this document, and
3. Public health and regulatory authorities.

This section of the guide is intended to be voluntary, to indicate best practice, and to be globally applicable. However, it should be recognized that the laws and regulations applying to excipients

will vary from region to region and country to country. In addition, the rules and regulations are continually evolving. It is the responsibility of the reader to review the most current version of any applicable regulatory requirement. Versions referenced in the guide were based on versions available at the time the guide was published.

In this guide, pharmaceutical excipient(s) will be referred as excipient(s). This guide may be applied to veterinary medicines, as appropriate and include reference to specific veterinary guidances and regulations.

Throughout the guide, justification implies that a decision is made based on a scientific, quality and/or regulatory considerations.

This guide offers best practice and guidance in the establishment of an excipient sustainability information package. It is not mandatory or binding and each company can make decisions on their focus areas and specific topics to be included in this section.

*Note: Refer to the “International Pharmaceutical Excipients Council Glossary: General Glossary of Terms and Acronyms [1]” for definitions. The first use of a term found in the glossary will be in **BOLD**.*

## Table of Contents

<b>ACKNOWLEDGEMENTS</b> .....	<b>5</b>
<b>1 INTRODUCTION</b> .....	<b>7</b>

## ACKNOWLEDGEMENTS

This guide was developed by representatives of the associations which constitute the IPEC Federation (IPEC). The IPEC Federation greatly appreciates the many hours devoted by the core team of individuals and other contributors listed below, to make this guide available to IPEC members and the broader excipient community. Equally, IPEC extends its thanks to the employers of those same contributors who provided the necessary time and resources, without which, this guide would not be possible.

The company representatives who worked on this guide are listed below:

### *List of Contributors from IPEC-Americas*

Meera Raghuram, Lubrizol – Chair  
Jill Bronkema, Perrigo  
David Schoneker, Black Diamond Regulatory Consultant  
Katherine Ulman, KLU Consulting  
Priscilla Zawislak, IFF

### *List of Contributors from IPEC Europe*

Geertrui Haest, Cargill  
Viola Hieble-Gerhard, Evonik  
Iain Moore, Croda

### *List of Contributors from IPEC Japan*

Hiroshi Watanabe, Shin-Etsu  
Fumiaki Ohbayashi, IPEC Japan  
Keiko Tsutsumi, Colorcon  
Kae Yamamoto, DFE Pharma  
Masayo Kuroda, BASF  
Hiroyasu Nakanishi, Asahi Kasei  
Takayuki Shigematsu, NISSO  
Shingo Kikuchi, Shin-Etsu

***List of Contributors from IPEC China***

Cissy Wang, Ashland  
Shine Gao, DKSH China  
Elly Song, Dow  
Martin Tao, IFF

***List of Contributors from IPEC India***

Vishakha Metkar, Colorcon  
M.K. Naseerulla, SPI Pharma  
Aditi Telang, IFF
